estimated costs for hospitalization and medical treatment

diagnosis: D18.10
intervention: 5-401.1; 8-925.00
expected length of stay: 6 days

Dear Sir Stadnik,

for your planned medical treatment at Klinikum Barnim GmbH, Werner Forßmann Krankenhaus (department ...) the following costs will be budgeted:

general hospital services (allgemeine Krankenhausleistungen)

| | |
|---|------------------|
| price for treatment in clinic (DRG: Q02C) | 5.950,00€ |
| safe rate | 2.500,00€ |
| total | 8.450,00€ |

elective services (Wahlleistungen)

| | |
|--|----------------|
| Chief Physician Services (includes all radiological services, anesthesia and laboratory tests) | |
| price for accommodation of one parent/companion (20,00 € per night) | 100,00€ |
| accommodation in a single or twin room (department: ...€) | |
| total | 100,00€ |

| | |
|-------------------|-------------------|
| altogether | 8.550,00 € |
|-------------------|-------------------|

Please note: The general hospital services are necessary to pay at any time. In contrast to this, you can choose the elective services independent of each other. In order to make sure that we provide you with the medical treatment you want, please cross out the elective services you will not gain.

Before admission to the hospital, the calculated invoice amount has to be paid to the bank account mentioned below or to deposit at the cashier's office.

In the case of urgent medically indicated measures the cost estimate will be adjusted immediately.

Please sign this form and send it back at our office.

Thank you

Dirk Steinke
